Madrid, December 14th, 2022.- ART MADRID presents for the second consecutive year the *Art&Collect: your work in one click* initiative, which offers a preview of what can be seen at the eighteenth edition of the Madrid fair. The online sales campaign will be **available from December 14th, 2022 to January 5th, 2023 at the following link: → [Art&Collect](#)**

Art&Collect: your work in one click is an initiative created **in collaboration with the galleries that make up the general program of ART MADRID'23**. This digital initiative aims to bring the latest contemporary art to all audiences. Through the fair's online store, it will be possible to access **more than 40 works whose value ranges between 800 and 1800 euros**.

The selection includes the different disciplines that will articulate the next edition of ART MADRID, and offers us a **preview of the artists who will attend with their galleries**.

You can find pieces such as the photographs by **Xurxo Gómez-Chao** that review classical culture and art history, or those by **David Delgado Ruiz**, which show a created and documented "intervened reality". The selection shows how painting is the protagonist and is positioned as the fashionable discipline and most present in the current context: **Julien**

Primard takes us into his dream scenes through an aesthetically contemporary filter; while **Cristina Gamón** floods her abstractions on methacrylate with color.

On the other hand, the work on paper allows us to delight in the delicate and symbolist drawing of **Juanjo Martínez Cánovas**. The experimentation in the use of materials and techniques is evident in the creation of **Francesca Poza** from tarlatan or in the use of metal in the realistic buildings of **Nicolás Lisardo**. The representation of disciplines ends with the marble sculpture expertise of **Carlos Andrade** or the pop figures of **Fidia Falaschetti**.

This is the complete list of artists in *Art&Collect*: **Roger Sanguino (DDR gallery)**, **Costa Gorelov (Dr. Robot Gallery)**, **Kuklin (Dr. Robot Gallery)**, **Pepe Puntas (BAT Alberto Cornejo)**, **Elvira Carrasco (Galería La Aurora)**, **Saltão (Sao Mamede)**, **Sofía Areal (Sao Mamede)**, **Julien Primard (Galerie LJ)**, **Juanjo Martínez Cánovas (Inéditad)**, **Nicolás Lisardo (Galería Manuel Ojeda)**, **Marc Sparfel (MA Arte contemporáneo)**, **Xurxo Gómez-Chao (MoretArt)**, **Iván Prieto (MoretArt)**, **Diego Benéitez (Rodrigo Juarranz)**, **Jaime Sicilia (Rodrigo Juarranz)**, **Cristina Gamón (Shiras Galería)**, **Horacio Silva (Shiras Galería)**, **Carlos Andrade (Trema arte contemporanea)**, **Carlos Barão (Trema arte contemporánea)**, **Stephanie de Malherbe (Uxval Gochez Gallery)**, **Ewa Jaros (Uxval Gochez Gallery)**, **Fidia Falaschetti (Galería Hispánica)**, **KYMC (Galería Hispánica)**, **Alex Palli (N2 Galería)**.
