ABOUT US

Art Space Madrid SL is the developer-promoter of Art Madrid Contemporary Art Fair. With over twelve years experience in the art market, our goal is to boost art collecting as well as the art market of today by means of specialized and dynamic events focused on professionals, art dealers, collectors, and with a clear approach towards the general public.

Since its creation in 2006, Art Madrid has presented galleries and artists from diverse aesthetic backgrounds, covering a wide range: from the very onset of modern art up to contemporary and emergent art in all its disciplines (painting, sculpture, graphic work, photography, videoart, installations...)

ArtMadrid's venue is a charismatic locale in the center of town, in the Galeria de Cristal (Crystal Arcade) of CentroCentro Cibeles situated in the midst of the Art Promenade of Madrid, a site well connected by the public transportation network of the Community of Madrid, surrounded by the best hotels in town. Due to its past trajectory and its incomparable setting, Art Madrid'18 forecasts a large visitor attendance, exceeding the 20,000 visits of the last four editions.

THE VENUE

Art Madrid takes place in a unique site: the Galería de Cristal (Crystal Arcade), CentroCentro Cibeles of Culture and Civic Interest, former Telecommunications Palace, a spectacular building of the early XX Century, a paradigm of modernity and progress of Madrid city-planning. The building has been decreed a Monument of Cultural Interest.

The Crystal Arcade, with 2,800 m², is made of iron, stone and glass and is crowned by a magnificent dome which affords the site with daylight and an impressive height.

ART MADRID'18 A NEW IMPULSE

Art Madrid, in this edition 2018 wants to **show its relevance in the fairs' circuit by getting the feel for the present of our contemporary art**. It makes it by betting at Okuda San Miguel as the guest artist of its 13th edition.

Deeply involved in urban art, Okuda San Miguel has developed a visual language well known all around the world thanks to his prolific work as mural-painter in the five continents. The artist from Cantabria has simultaneously produced work of studio exhibited day-to-day and he has received a great acceptance and demand, in cities like Paris, London, New York or Los Angeles.

With this movement, Art Madrid takes one more step ahead in its mission of approaching contemporary art to the public. And it takes it by placing in the frontline the creators that count on a global-acceptance of their proposals, artists that claim attention from professionals and amateurs but that also were able to awake interest in art among new audiences.

Art Madrid wants this **way to highlight and contribute to a change of paradigm that contemporary art is experiencing from some time ago** and which translates into an assimilation of aesthetic formulas and relational mechanisms of a hyper-connected reality.

OKUDA SAN MIGUEL GUEST ARTIST IN ART MADRID'18

The pop surrealism, the organic geometries and the colorist existentialism of Okuda will be protagonists at the 13th edition of Art Madrid, from February 21 to 25, in the Cristal Gallery of Centro Centro Cibeles.

Evolution, metamorphosis, multiculturalism, color, color and color... These are the main ingredients of the potion we have developed at Art Madrid to fight superstitions about number 13, in this our 13th edition, and Okuda, as Guest Artist AM18, has the recipe for this psychomagic action.

To the list formed by great artists like Ouka Leele, Carmen Calvo or Riera i Aragó (authors who has participated in the editions of 2015-2016-2017), all of them pioneers of the shapes, seekers and experimenters of the image, it joins now **Okuda San Miguel, one of the young talents with greater international projection in the scene of the contemporary creation and one of the most recognized urban artists of the world.**

Art Madrid, involved in the last years in approaching art to all public, in mixing disciplines and bringing attention to a new generation of artists and collectors, has collaborated with Ink and Movement to choose Okuda because of his personal and colourist iconograph universe with which he talks of deep metaphysical issues, of the universe and the contradictions of this modern changing society, between the turbo-capitalism and the tradition, between the man and himself.

As in previous editions, Okuda will develop a dedicated artwork for the public of Art Madrid, but we will have many more actions that we will announce punctually
